

# Home and School Family Support Fund Application Form

As the year begins, we are inviting all Willingdon families requiring financial support for school-related items to seek **financial assistance** from our **Home & School Family Support Fund**. Willingdon's Home and School Association strives to provide fun and enriching activities to our community throughout the school year. We strongly believe in making activities accessible to every child and alleviating undue financial burden on families.

Please note that the school administration will be following up with families who indicate they need financial assistance to determine what aid can be provided throughout the year.

**We would like to reassure you that all personal information will remain confidential between the school administration and the Home and School FSF Chair.** You may also request that your information be kept confidential from Home and School, in which case only the school administration (Vice-Principals and Principal) will be aware of your file.

Please fill in the section below and return the form to **Mr. Peter McKelvie, VP Junior Campus**, by emailing it to [pmckelvie@emsb.qc.ca](mailto:pmckelvie@emsb.qc.ca) or by dropping it off in a sealed envelope at the office at your respective campus (Junior or Senior) **by September 29, 2023. Please write Family Support Fund on the envelope.**

**If printing this form is an issue, please email Mr. McKelvie to let him know.**

**\*IMPORTANT\*: After careful consideration it has been decided that, as of the 2023-2024 school year, the Family Support Fund will no longer be offering financial assistance for school and lunch fees. Daycare (BASE) fees are also not eligible for support through this program. This will allow the Family Support Fund to drastically increase the daily support offered to students in the form of more hot lunches, field trip fees, school supplies and more.**
