

Home and School Family Support Fund Application Form

As the year begins, we are inviting all Willingdon families requiring financial support for school-related items to seek **financial assistance** from our **Home & School Family Support Fund**. Willingdon's Home and School Association strives to provide fun and enriching activities to our community throughout the school year. We strongly believe in making activities accessible to every child and alleviating undue financial burden on families.

Please note that the school administration will be following up with families who indicate they need financial assistance to determine what aid can be provided throughout the year.

We would like to reassure you that all personal information will remain confidential between the school administration and the Home and School FSF Co-Chairs. You may also request that your information be kept confidential from Home and School, in which case only the school administration (Vice-Principals and Principal) will be aware of your file.

Please fill in the section below and return the form to Jessica Doubt, VP Junior Campus, by emailing it to jdoubt@emsb.qc.ca or by dropping it off in a sealed envelope at the office at either campus (Junior or Senior) by **September 27, 2024. Please write Family Support Fund on the envelope.**

If printing this form is an issue, please email jdoubt@emsb.qc.ca to let her know.

Parent/Guardian name: _____
